By installing or using the JCA Solutions (the "Company") product Trident (the "Software") you indicate your agreement to the terms of this Software License Agreement (the "Agreement"). If you do not agree to the terms herein, you are not authorized to copy or use the Software. The Software, all images, photographs, icons, and text incorporated in the Software, is owned by Company or its suppliers and is protected by United States copyright laws and international treaty provisions. Except to the extent expressly licensed herein, all rights are reserved to Company and its suppliers. You may not reverse engineer, decompile, or disassemble the Software except as set forth herein.

ATTENTION: USE OF THE SOFTWARE IS SUBJECT TO THE TERMS SET FORTH BELOW. USING THE SOFTWARE INDICATES YOUR ACCEPTANCE OF THESE TERMS. IF YOU DO NOT ACCEPT THESE TERMS YOU ARE NOT AUTHORIZED TO USE THIS SOFTWARE.

#### LICENSE GRANT

The Company grants you a non-exclusive, royalty-free, worldwide right and license to use the executable version of the Software, where "use" in this Agreement means storing, loading, installing or executing the Software. You may not modify the Software or disable any licensing or control features of the Software. You agree that you may not copy the written materials accompanying the Software. You may copy the software for archival purposes so long as the copy is unmodified from the original distribution and the copy retains all of the original Software's proprietary notices. You may not rent or lease your rights to the Software or documentation.

COMMERCIAL (Purchased) LICENSE. Company grants you a nonexclusive license to use the Software. You may 1) use the Software to the extent of authorizations you have acquired and 2) make and install copies to support the level of use authorized, providing you reproduce the copyright notice and any other legends of ownership on each copy of the Software. If you acquire this Software as a program upgrade, your authorization to use the Software from which you upgraded is terminated. You will ensure that anyone who uses the Software does so only in compliance with the terms of this Agreement. You may not transfer your license rights to another party without prior written consent from the Company.

If you are an individual and this Agreement is for a single license, you may install the Software on multiple computers provided that not more than one of those computers is in use simultaneously and that those computers are solely for your own use. If the Software license you have is for a single user license then the Software may be installed on a computer that is for multiple users but it may not be installed on more than one computer regardless of whether those computers are operated simultaneously or not. If this Agreement is for a multi-user (site) license, the number of computers on which the Software is installed may not exceed the number of licenses purchased, regardless of whether the computer is used by multiple users or not. You may use this software in a networked environment on computers other than the computer on which the software is installed provided that you have purchased licenses for each computer that will use the software, regardless of whether those computers will use the software at the same time or not.

EVALUATION (Trial) LICENSE. Company grants you a nonexclusive, nontransferable license to use the Software. You may 1) use the Software only for internal evaluation, testing or demonstration purposes, on a trial or "try-and-buy" basis and 2) make and install a reasonable number of copies of the Software in support of such use. The terms of this license apply to each copy you make. You will reproduce the copyright notice and any other legends of ownership on each copy of the Software. You will 1) maintain a record of all copies of the Software and 2) ensure that anyone who uses the Software does so only for your authorized use and in compliance with the terms of this Agreement. This license begins with your first use of the Software and ends 1) as of the duration or date specified in the documentation accompanying the Software or 2) when the Software automatically disables itself. Unless Company specifies in the documentation accompanying the Software that you may retain the Software (in which case, an additional charge may apply), you will destroy the Software and all copies made of it within ten days of when this license ends.

#### OWNERSHIP

All right, title and interest in and to the Software is owned and copyrighted by the Company or its third party suppliers. Your license confers neither title to nor ownership in the Software and is not a sale of any rights in the Company. No license is given to you under any patent or patent application of Company.

#### COPIES AND ADAPTATIONS

Other than as provided in the License Grant section of this agreement, you may only make copies or adaptations of the Software for archival purposes or when copying or adaptation is an essential step in the authorized use of the Software.
